Monuments of Spanish Wine
La Buena Vida -

Wine expert Wim Vanleuven introduces 23 top Spanish wineries in this atmospheric book. Some of these exclusive houses continue an ancient tradition, while others have only been producing for the past 15 years. Either way, they share an intriguing history and fabulous results. Behind each of these bodegas is a fascinating story, "written" by skilful and inspired wine-makers: Roda, Albet i Noya, Vega Sicilia, Costers del SIurana, Artadi, Teofilo Reyes, Pérez Pascuas, Can Ràfols dels Caus, Mauro ... Their estates are often located in breathtaking surroundings, while some young and adventurous producers have set up shop in historic buildings. All this has contributed to the book's gorgeous photography, which adds considerably to the enjoyment of an already fascinating text.
