Chupadero 2020
Puro Rofe - 75 cl.

The Chupadero is a volcan near la Geria. This 200 year-old vineyard is truly spectacular, in a crater some 30 meters wide. Makes one think of a lunar landscape.

Vinification
Maceration and alcoholic and malolactic fermentation in sherry-vats, which has a clear influence on the wine. Then 6 more months of ageing.

Storage potential
Drink preferably from 2023 and before 2029. At its best between 2025 and 2027.

To serve
Decant before serving at 14°C in a large glass.

Trial analysis
Light colour. Austere, mineral, almost ethereal ion the nose. Maybe the most volcanic of all the Puro Rofe cuvées. More powerful than expected on the palate, given its 12° of alcohol. Nice crisp acidity, subtle and complex; a salty finish. Spectacular!

Description domain

Lanzarote seems to be a wine-lover's paradise: its old autochtone varietals grow on lava soils under Atlantic influences... But until recently, frustratingly, all we tasted there was only banal. That was also the impression of Rayco Fernandez, a distributor on the neighbouring island of Gran Canaria. So with the help of some friends of the same mind, he set out to make real terroir wines on Lanzarote. And the fact that we, after 25 years of tasting wines from all regions of Spain, have still been impressed by their production shows how good these extreme terroir wines can be.

Assembly
Listán blanco (100%)

Region:
Canarias

Appellation:
D.O.P. Islas Canarias - Lanzarote

Wine estate:
Puro Rofe
