Viñátigo Negramoll 2023
Viñátigo - 75 cl.

Negramoll is the main grape used in Tenerife to make everyday consumption wine. Yet, if one check its yield and pays attention to the winemaking, this varietal can produce vinous and very interesting wines. The production of this cuvée is only 4,500 bottles.

Vinification
Manual harvest in September. The grapes are transported to the winery in 18kg crates. Cool maceration at 0°C before fermentation and then about 8 days of maceration during vinification. Aged for 6 months in 2, 3 and 4-year-old 225l and 300l French oak barrels.

Storage potential
Drink as from : 2025
Best moment : 2026-2028
Until : 2030

To serve
18°c in a large glass.

Trial analysis
The colour already shows some evolution. Coffee aromas, soft on the palate, smooth tannines, salty notes. And yet, this wine has a volcanic character.

Description domain

Old Canary cultivars revisited by a family company equipped with state of the art technology.

Wine style:
Atlantic, volcanic and mineral

Assembly
Negramoll (100%)

Region:
Canarias

Appellation:
D.O.P. Islas Canarias - Tenerife

Wine estate:
