José Pariente Verdejo 2025

José Pariente - 75 cl.

This is the entry level wine of the estate - but also its flagship wine! The Dos Victorias owe it their fame. José Pariente was Marivi's father, who looked after the old vines of the estate for all his life.

Vinification
Stainless steel tanks; skin-contact maceration (12 hours). Marivi Pariente is working with the University of Madrid on a project aiming at reducing the addition of sulphur at each stage of the winemaking, and measuring its influence on the aromatic pallet of the wine. Made in stainless steel, concrete and wooden vats, with ageing on its own lees.

Description domain

This estate, already awarded numerous times, is now a source of inspiration for many winegrowers in Rueda. Martina Prieto Pariente remains driven by a constant desire to improve and aims to push Verdejo to its limits. Minimal use of sulphites, indigenous yeasts, precise viticulture, micro- and plot vinifications, and ageing in foudres, ovoid concrete vats and barrels all play a key role in this approach. With this philosophy, she aims to demonstrate that Verdejo has far more to offer than what is commonly found on the market today.
