Palo Blanco 2021
Envínate - 150 cl. (Magnum)

Envinate, one of the most acclaimed projects of the new generation of Spanish winemakers, is the creation of Roberto Santana, Alfonso Torrente, Laura Ramos and José Martínez. These fab Four met during the enology studies at the University of Alicante and decided to set up a common winery. The pillars of their philosophy: old vineyards and non-interventionist winemaking. Palo Blanco is made with the gapes of centenary vines planted on the black volcanic soils of Palo Blanco in the Orotava Valley, in the north-east of Tenerife. This area is quite wet in spite of the altitude (600m) and the vines are conducted in the Cordon Trenzado method so as to enhance the air circulation.

Vinification
All the grapes are hand-harvested and fermented with indigenous yeasts in cement tanks before ageing in 2000 litre used vats for 12 months. Bottling without any clarification nor filtration, and only a touch of sulphur.

Trial analysis
Pale straw colour with golden reflections; On the nose, smoky and complex notes with a fresh touch of lemon zest. Rich but also crispy on the palate, with a remarkable minerality and a salty finish. An oustanding wine

Storage potential
Drink as from: 2023
Best moment: 2025-2028
Untill: 2030

Assembly
Listán blanco (100%)

Region:
Canarias

Appellation:
D.O. Ycoden-Daute-Isora

Wine estate:
Envínate

Biodynamic

Description domain

Behind the name Envinate are four friends from various wine regions of Spain who met while studying at the Faculty of Oenology in Alicante. Their preference for fresh and drinkable wines from old local varieties make them close, and so they decided to create a common project - the name meaning something like "let you be wined". This project grew in parallel with the activities of consultancy of the four members at different estates. Envinate has been a prominent factor for change in the regions where is it active - those the four members are from, to wit, Tenerife, Murcia, Ribeira Sacra and Albacete.
